## MESSAGE FROM THE HEADTEACHER

It was great to see so many people at the Christmas Fair last week. Thank you for supporting the PTA! Well done to The Wrens who performed a fabulous carol concert to their parents this week. Can I take the opportunity to remind you that the children need to bring in their PE kits on Monday and take it home again on Friday. PE days are subject to change, especially at this time of year. Have a lovely weekend and look forward to seeing you for the penultimate week of the Autumn term.

The festive season is almost here, and we know many people will be considering asking for, gifting or purchasing an e-scooter. We want to ensure that anyone doing so is aware of the law and dangers surrounding e-scooters.

E-scooters are classed as motor vehicles under the [Road Traffic Act 1988](#). This means the rules that apply to motor vehicles, also apply to e-scooters including the need to have a licence and insurance.

It's not currently possible to get insurance for privately owned e-scooters. Meaning if you use a one in public, you risk it being seized. You can ride them on private land, such as in a garden, but only if you have the permission of the landowner to do so.

Where a rental trial scheme is running, rental e-scooters can be used on public roads, some cycle lanes, and other public spaces. When riding a rental e-scooter you **must** follow [road traffic laws](#). If you don't, you could face prosecution.

Inspector Mike Darrah said "Many people may not understand the laws surrounding privately owned e-scooters, which prohibit you from using them in public areas.

"There is also a risk of severe injury, and incidents which involve a collision with an e-scooter are investigated in the same way as if riding or driving any other type of motor vehicle.

"We are already working in partnership with schools and colleges to ensure students are aware of the laws surrounding e-scooters, and I am urging parents to consider the risks if they are looking at gifting an e-scooter."

In November 2024, Thames Valley Police seized 80 e-scooters and e-bikes, with 33 of these seizures being e-scooters. Last night (3/12), 10 e-bikes and e-scooters were seized in an operation carried out in Oxford.

Matthew Barber, Police & Crime Commissioner for Thames Valley, said: "Whilst for many, e-scooters are a convenient way to get around, it is nevertheless illegal to use a privately owned e-scooters anywhere on public land.

"Aside from the risk of injuring and concerns about the fire risks from some batteries, you risk having your e-scooter seized by the police.

"So, my message this Christmas is simple: don't buy an e-scooter as a present."

**Say NO, NO, NO to E-Scooters this Christmas**
